

Smart Water-flooding Prevention Solution

innoarcade.com

**Current
Solution in
market:**
Detect only...

- **High cost**, mostly enterprise-grade in market (Siemens, Johnson Control, Honeywell, ... etc.)
- **Detect** water leakage **only**
- **Passive-monitoring**
- **Require highly technical & IT programming** to support/ operate with additional LCD panel display

InnoArcade Solution:

Not Just **Detect**,
But **Protect**"

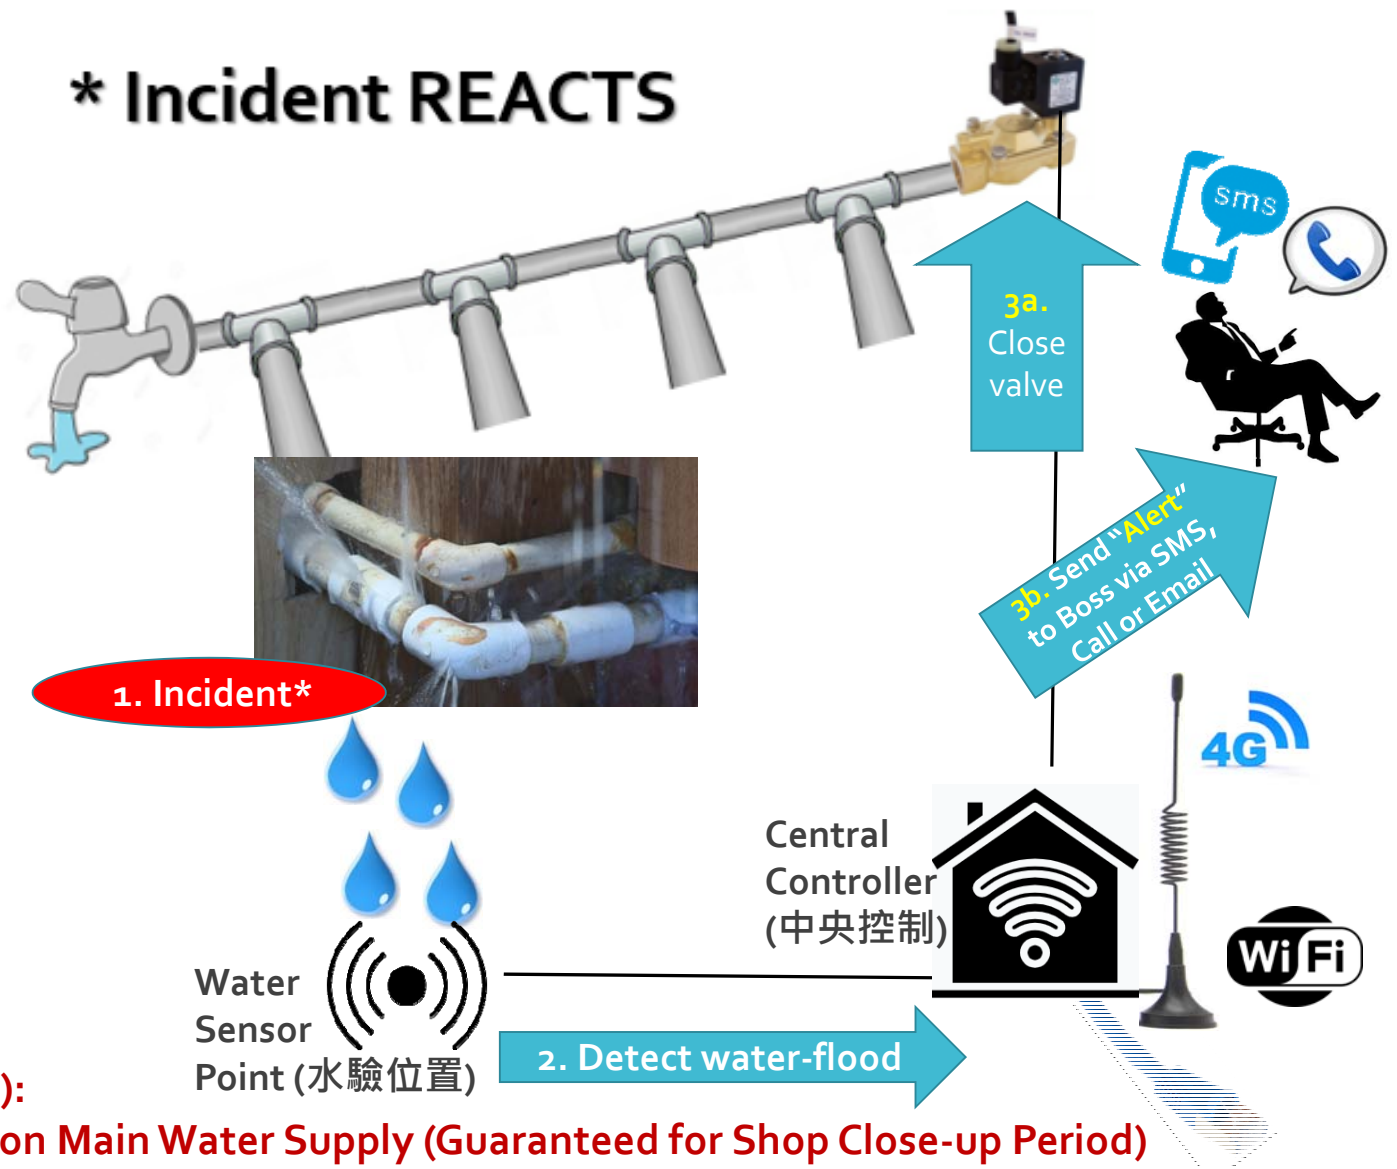

- What is our **Difference** ?
 - **Not just detect, but prevent** water-flooding
 - Core water supply control in **Europe's leading professional manufacturer**#
 - Active **alarm & AUTOMATIC** control with user-friendly monitoring tool

Italy Electromagnetic Italian ODE (Explosion-proof solenoid valves)
